

Assignment 1

Assignment 1: Comprehensive assignment/report

Due date: 25/04/2022

You have conducted an inspection of different premises (at least five different places) in the area that you were doing WIL or you have requested assistance from that facility where there is an EHP. In preparation to write your report, you would need to conduct a thorough or relevant search of legislation that inform your recommendation.

In your report, make sure you show clearly indicate which legislation that you based your recommendations on. In addition, refer to Environmental Health Norms and Standards that relate to the premises or facility you have inspected.

You may request a letter from the WIL coordinator to support your request in facilities where there are EHPs.
