To whom it may concern

I am pleased to provide a character reference for Mr. Mathew Lecheko whom I have known as a lecturer and a colleague for a couple of years.

I first met Mr. Lecheko at Mangosuthu Technikon in 2002. He was my lecturer. His approach in lecturing was unique (professionalism, concerned for his student and quality of instructions) and thus has created good working relations with students. He plans well and worked diligent at being organized. His assignments and exams were well conceived, quickly corrected and promptly returned. He was always attentive and always eager to assist.

As a colleague, I worked with Mr. Lecheko at Alfred Nzo District Municipality; he was my supervisor (Assistant director in Environmental health). I enjoyed my time working with Mr Lecheko. He was a good leader and always shares his knowledge and experience in the field of Environmental health. Highly conscientious in planning, joy delivered, proactive solutions, his unique blend of humor and positive energy makes him to deal with problematic and highly sensitive situation. I have always known him to treat others with respect, compassion, understanding and professionalism.

I strongly believe that Mr. Lecheko is a suitable candidate as he always exceeds employer's expectation. Please feel free to contact me for further information that you may need.

Yours faithfully
